New Business

Adjournment

The Redwood Steering Committee has repurposed the General Meeting Agenda and has asked for your flexibility.

As stated in our Rules of Operation, the purpose of the service center is to, “provide a center for exchange of information and discussion of actions under consideration by the State Council of Education. We serve as a forum and hearing body on issues referred through the CTA governance structure, by Council and/or Board action. Redwood Service Center Council shall not be considered to be part of the policy-making and/or governance structure of the Association.”

Our goal is to give this body more time for discussion to take place and for the members of this body to have more input.
